Jim Ford of The Rider's Workshop
to speak at July 8 general meeting

Creator of The Rider's Workshop and approaching 500,000 miles behind the bars, Jim Ford will be on hand to present an outline on his course to develop expert road riding skills and greater riding confidence. Jim's "Art of Riding Smooth" will lead to greater safety and pleasure in tackling the curves and hills. Jim offers both one and two day courses and will explain the details of both in his presentation. Whether you are a beginner or advanced rider, you will surely benefit from Jim's presentation and more so by attending one of his well known workshops. Jim spent 8 years as the lead salesman for a prominent BMW dealer and he knows our bikes. Be sure to come and listen to an expert.
