
George Glascock gravely ill

Posted by Tim Colburn - 2010/03/19 21:09

Sad news.

I just got word that George Glascock, MOA Ambassador and friend of many veteran CR members, is seriously ill. Apparently he has been diagnosed with cancer in his lungs and brain, and is now receiving hospice care at his home near St Louis. As you may know, his wife Mae passed away about a year ago.
